The District will furnish sanitary sewer service only in accordance with the currently prevailing, and hereafter revised Service Rules. The fees and charges, rules, and regulations are stipulated in these Service Rules and form the basis for every application for sanitary sewer service. All customers who apply for and receive sanitary sewer service agree to be bound by these Service Rules.

Customers shall agree, by submitting the application, to defend, indemnify and hold harmless the District and its employees, officials, and agents from and against any and all claims, actions, suits and/or proceedings brought against the customer or the District for or on account of any matter arising from the activities associated with and regulated by service provided and or a permit issued pursuant to these Service Rules. Service Rules available at [www.cleanwaterteam.com](http://www.cleanwaterteam.com)

This application for connection to the CCWRD treatment works is approved based on the submitted plans. The District may, but is not obligated to, inspect any customer's property for purposes of verifying the location and type of installed fixtures. In the event additional and unpaid fixtures are found, the legal owner will be responsible for payment of additional (SDA) fees based on the rate in effect at the time of discovery.
