

Notice to Suppliers: Fraudulent Activity

Please be on high alert for emails/facsimiles requesting quotations or purchase orders that purport to originate from the Clark County Water Reclamation District (DISTRICT) but are in fact fraudulent. While we cannot prevent this illegal activity, we are actively working with law enforcement to investigate these fraudulent emails/facsimiles.

Common themes of fraudulent messages:

- The message requests shipment/delivery of products to non-DISTRICT addresses.
- The message may include an attachment that is designed to look like a purchase order, may include the DISTRICT logo or other graphic, and a signature that may look legitimate.

Always verify addresses, phone numbers and email addresses. Check www.cleanwaterteam.com for current DISTRICT information.

If you believe you have received an email/facsimile that appear to be fraudulent or suspicious, please forward it to:
